Advance Online Pain Management

FOR VETERANS AND THEIR FAMILIES

ABOUT US

Since 1995 Advance Healthcare have been effectively supporting patients with chronic pain to lead happier and more productive lives. We are one of the largest and longest-running providers of pain management services in Australia, with 60+ practitioners and over 30 years of clinical and research experience.

Our services are now being offered remotely through our new online platform Advance Online, allowing patients from all over Australia to conveniently access our effective and individualised program.

Our leading pain management program improves quality of life by helping our patients to better understand their pain, improve their physical abilities and target their unique barriers to recovery. Over 90% of our patients report significant overall improvement following completion of treatment.

OUR PAIN PROGRAM

Our multi-disciplinary pain management program (including medical, physiotherapy, and psychology services) is tailored around your needs. Services used during the pain management program are billed individually with NO GAP payable for DVA white or gold card holders and we offer privately funded programs to non-card holders.

OUR PROGRAM TYPICALLY INCLUDES:

- 8-12 weeks of individualised care targeting the key barriers to recovery
- 3-6 medical sessions
- 2-3 physiotherapy sessions per week
- 1 psychology session p/week if required
- Comprehensive assessment and discharge reporting to your referring doctor

WHAT TO EXPECT

Our multi-disciplinary team of specialist pain physicians, psychiatrists, physiotherapists, psychologists, neuropsychologist, podiatrists and dietitians offer our leading pain program to Australian veterans and their families via our online platform, Advance Online, with **MINIMAL WAIT TIMES**.
